

How a live moment holds

EXPERIENCE
DESIGN

AUDIENCE

The room before the click

Where people arrive, what they see first,
and the one action that must feel inevitable.

TIMING

Run of show

Open. Proof. Demo. Ask. Close.

Every beat has a clock and an owner.

SYSTEM

Platform as stage

Green room, backstage chat, on-demand library.

The product is the venue.

ARCHIVE

After the live cut

Chapters, clips, and a path back in
so the hour keeps working.
